

A PLACE TO HUNT OR TRAIN ALL YEAR

Wolf river Game Farm is a family operation. Established in 1986, we offer a Training Season from mid - April through September and a Hunting Season from October through March. The farm is located about 30 miles from Green Bay or Appleton, 5 miles West of Navarino WI on Hwy 156 in Shawano County.

Special attention is given to a variety of cover to maintain ideal conditions for year-round activities. Fields vary from corn/wild game sorghum planted to enhance natural habitat including grasses, brushy thickets and cattails with ponds to cool the dogs in warm weather.

Some fields are split for use during the Training Season, however during the Hunting Season our fields are separated eliminating interference from other groups.

HONOR SYSTEM TRAINING PROGRAM

APRIL THROUGH SEPTEMBER - OPEN TO THE PUBLIC

This is a unique training program for you to train on your own or in a group using our fields, ponds and birds. Training center pens are located in the South Field off State Road 156, pens are stocked with Quail, Chukar Partridge, Pigeons, Pheasants and Mallards as available. No reservations, just a first come first served basis. Our trustworthy customers have kept this program going for over 20 years! Help yourself to birds in those holding pens. Using the supplied bird bags or bird buckets you carry them to one of 4 different training fields. Set your birds and train away! Stocked species may be shot year round on game farm property. Maps & signs mark the various training areas. Ponds are adjacent to training fields for cooling off the dogs or doing water work. When finished training, go to the clubhouse on Hwy 156.
